The new CityView Racquet Club in Long Island City is **80,000 square feet of tennis** for the country-club set. There are seven Har-Tru courts (about \$30 per person per hour), four squash courts, and semiannual clinics by the legendary pro coach Nick Bollettieri. Off the courts, members can exercise in the gym, visit the spa, linger in the lounge (pictured here), or shop for tennis gear. Memberships range from \$2,200 to \$4,000 per year, plus a \$1,200 initiation fee that will increase upon opening.
